In view of the reference cited, PRAVINYA, a Voluntary organization registered as PREMA PRAVINYA SOCIETY has proposed to launch the learning management system(PLMS) in certain Government schools.

In the discussion held by the Society personnel, it was understood that PLMS (Pravinya Learning Management System) is a computer resident application (called Moodle) to provide a class room learning system. PLMS software has already been installed in 900+ schools in 11 districts and practiced successfully.

Key points of the Discussion:

- ❖ This Software includes 1414 videos/animations/Simulations of classes from 2nd to 10th standard.
- ❖ OLabs (Science animations and simulations) in offline mode in collaboration with C-DAC, GOI.
- ❖ ToonMasti (EVS and Maths content in animated videos) for Primary classes in collaboration with EYF
- ❖ Sujaya Content (English Grammar Simulations & focus on English speaking, listening, reading and writing) for Primary & Secondary classes

The said Society will provide this free of charge and developmental in nature without any disturbance to the Regular Academic Activites.

Hence to Improve the Standards of the students of Govt. Schools through audio-visual content and enable them to excel in their academic pursuit, it is decided to implement this software in certain schools in which Computers/Projectors are available & functional.

In this regard, the undersigned is pleased to inform that PRAVINYA organization will install the full version PLMS software in the schools (Annexure enclosed).

Hence the Head of the institution concerned is instructed to extend his cooperation to the personnel of Pravinya Society to Install the Software and further procedure and make the children benefitted by the above Digital content.

Dist. Educational Officer &
Ex-Officio Dist. Project Officer,
SSA/RMSA, Jagtial.

To
The Head of the Institution concerned.
