Dear Teacher

Greetings! Namasthe! Aadab!!

We at PRAVINYA always feel that teaching is a very noble profession and the most important foundation for the society.

We are living in the digital age. All around us, children are observing and quietly learning from the audio-visual media namely phones, TVs, movies and others. Thus, Digital education is only an extension of the dramatic impact of the audio-visual education that children today are already exposed to.

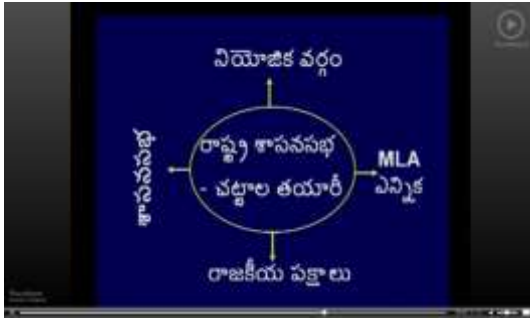

Components of Social studies can be taught using different types of teaching material and methods. Keeping in view, PRAVINYA brings you **109 modules and Quizzes for 54 lessons** in this year. The [detailed lesson-wise index](#) is provided for you to refer.

In the Lessons Index, you can locate the class of your choice, Unit which you wish to teach, all the modules linked to that unit, its source, type of content – whether it is video content or interactive content and if it is video content then its duration. These details help you to plan for your lesson using the digital tools.

All the videos related to Social studies can be accessed within PLMS.

SCERT Lessons

Video lessons created by SCERT offer lectures with the help of graphics and some animation. Lectures are delivered by subject matter experts. Therefore, students and teachers get the opportunity to hear the lecture and see the visuals provided for retention of the concept.

SIET lessons

SIET has developed videos using a class-room setting where a teacher conducts a class to students. The teacher conducts the class as per a lesson plan. The teaching is interactive where in the teachers and students engage in discussion.

Although the videos provide passive learning, they are very useful to students as they replicate a regular class-room setting.

Some of the videos created by SIET do not directly relate to any lesson but are very good for general awareness of students. Teachers may choose to encourage students to view these videos during leisure periods.

Teachers

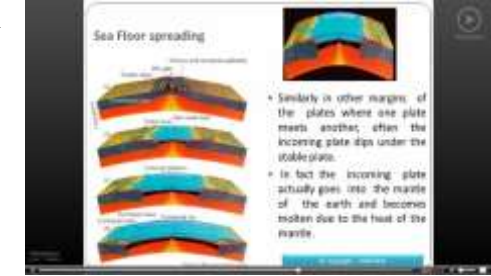

K. Suresh Sir from Social, School Assistant, ZPHS(Boys), Srikalahasti, Chittoor has created several videos in Social Studies from classes 6th to 10th. Concepts are presented as per a lesson plan using different tools such as images, text and graphics. Each lesson is presented in a visual format. Some lessons have audio but some may not have audio. Quiz is included in some of the lessons.

PRAVINYA has developed lessons in social as per the curriculum prescribed by SCERT. Activities suggested are also shown in the videos. Some of the Social studies lessons are in Telugu whereas some are in English medium

Teacher Tools

The approach to teaching Social studies and the pedagogy have undergone significant changes over the last few years. To understand why such changes have occurred and how to effectively use the current methodology to improve Social studies concepts in students, please do watch the modules on Philosophical background developed by SIET and Subject experts.

Teacher Training Modules for digital teaching

PRAVINYA is very glad to present Teacher training modules for digital teaching. These modules are available subject wise. They contain areas such as Basics of Computers for teachers, Introduction to different types of digital classes, Method of creating Lesson plans by integrating Digital modules.

You can register for your own copy of the Teacher training Modules at <http://www.pravinnya.net/new--teacher-training.html>

End Note

A combination of resources has been provided to you for assisting you in imparting knowledge about various components of social studies. Audio visuals make the learning more impactful and facilitate longer term retention of concepts. Visually explained activities demonstrate some concepts and real-life clips of factories, nature etc. make it more relevant to the student.

We sincerely hope that you find them helpful and enjoyable.
