PLMS +p – User Manual – P1

SEPTEMBER, 2017

PRAVINYA  
[www.pravinya.net](http://www.pravinya.net)

Dear Teacher

Greetings! Namasthe! Aadab!!

We at PRAVINYA always feel that teaching is a very noble profession and the most important foundation for the society.

We are living in the digital age. All around us, children are observing and quietly learning from the audio visual media namely phones, TVs, movies and others Thus Digital education is only an extension of the dramatic impact of the audio visual education that children today are already exposed to.

English Language Teaching at Primary School level has become a critical success factor for students. English is becoming the medium of instruction in schools as well as colleges. Therefore, focusing on developing English speaking and English comprehension from Primary school onwards is most important. English Language modules have been enriched significantly by the addition of content developed Sujaya Foundation, Mumbai. Keeping in view, the importance of English Language Teaching in Primary classes, PRAVINYA brings you **312 Modules** and the following options this year. Some of the videos and Learning modules can be accessed directly within PLMS whereas for others you need to access ToonMasti. These details are mentioned in the [lesson-wise detailed index](#) provided to you in this document. Please refer to the “Source” in the lesson index.

The unit-wise index is provided for convenience in this document.

Class	ToonMasti	SIET	Sujaya	PRAVINYA	Total
1st Class	8	0	0	0	8

3rd Class	0	0	16	7	23
4th Class	0	8	12	4	24
5th Class	0	0	16	5	21
Primary	26	0	162	35	223
Teachers	0	8	0	0	8
<b>Total</b>	<b>34</b>	<b>16</b>	<b>206</b>	<b>56</b>	<b>312</b>

## Sujaya English Modules

Sujaya Foundation has created three types of English grammar modules– 1. Modules mapped to lessons in Telangana state text books for classes 3<sup>rd</sup> to 8<sup>th</sup>. 2. Grammar modules as per class-wise knowledge requirement from classes 1<sup>st</sup> to 8<sup>th</sup> and 3. Audio lessons which offer a very powerful method to teach verb patterns essential for construction of sentences in English. The mapped lessons can be used directly along with classroom teaching where as Grammar modules and Audio files can be used to supplement English language learning of students.

All modules are in an easy to use interactive and attractive style. To learn how to use Sujaya modules please refer to **PLMSplus p User Help Sujaya Ver 01**

## ToonMasti – English modules

ToonMasti is an educational software package developed by EYF (Ernst and Young Foundation) for Government schools. It offers two special features for English language learning. It is developed for joyful learning and children get very attracted to its format.

### Nursery

Let us write alphabet is a useful tool to help students learn alphabet writing, recognition and simultaneous vocabulary building

### Pictionary

Pictionary, which means Pictures based dictionary, helps to build vocabulary in a joyful manner. Vocabulary is presented under 26 different groups such as Animals, Birds, Seasons, Shapes, and so on. Pictionary can also be used to build vocabulary in English and Hindi simultaneously.

To learn how to use ToonMasti, please see the **PLMS +p User help- ToonMasti**.

## PLMS +p

PLMS contains English lessons for primary classes, from two different sources - PRAVINYA (56 videos) and SIET (16 videos).

### PRAVINYA English lessons

PRAVINYA has developed short English modules to assist in the new pedagogy for English. Some of the lessons include textbook exercises but PRAVINYA English lessons completely focus on Listening and Speaking skills. The modules may be used as independent modules (i.e., for General English Language skills) or to dovetail into the Unit. Speaking and Listening modules will help the student in learning question formation, sentence formation, vocabulary retention and pronunciation of words.

### Speaking skills

Face sheets from different stories have been used to create speaking exercises. Different aspects of face sheet are highlighted in the visual to encourage thinking. Leading questions are used to promote speaking skills. Using the speaking modules, even passively, students will learn three distinct aspects–

- Question formation – What, How, Why, Do you know, etc
- Observing and analytical thinking – Looking at the picture observing and also, thinking beyond what is immediately visible
- Simple sentence formation – Students will repetitively hear simple sentences and will learn to form their own sentences.

After each of the “Let us speak” modules, the teacher can initiate further conversation by any of the following methods –

- Asking leading questions
- Making children sit in groups and encouraging group discussions
- One to one conversations between two children
- Role plays where appropriate

### Listening skills

Listening exercises for each unit provided at the end of the book have been converted into listening modules. Visuals have been added in order to introduce and reinforce vocabulary. The visual imagery facilitates retention of the concept which in turn would facilitate retention of key words and concepts introduced.

Similar to the speaking exercises, conversations are initiated using simple leading questions. All questions suggested in the text book are covered and further questions are added to encourage further development of comprehension and confidence in expression of ideas.

### Spoken English Modules

Students from rural areas are not exposed to daily conversations in English. In order to make their transition from Telugu into English easier, Spoken English modules sentences in English have been explained in Telugu. There are 30 modules classified into three levels. Starting with very basic sentences using action words, the course graduates into simple conversations, picture based descriptions. The script is provided in English as well as Telugu languages. To know how to access the PLMS lessons please use PLMS +p demo.

### Teacher Tools

The approach to teaching English and the pedagogy have undergone significant changes over the last few years. In order to understand why such changes have occurred and how to effectively use the current methodology to improve English skills in students, please do watch the modules on Philosophical background developed by SIET and English experts.

### Teacher Training Modules for digital teaching

PRAVINYA is very glad to present Teacher training modules for digital teaching. These modules are available subject wise. They contain areas such as Basics of Computers for teachers, Introduction to different types of digital classes, Method of creating Lesson plans by integrating Digital modules.

You can register for your own copy of the Teacher Training Modules at <http://www.pravinya.net/new--teacher-training.html>

### End Note

We have developed the English speaking and listening modules with a lot of thought and enthusiasm in the hope that students will find it an easy and joyful learning tool and teachers will find it a useful teaching tool. We have also included ToonMasti and Teacher tools to widen the available range. More English material including grammar is available in the PLMS +p for higher classes. To know more about these, please refer to the **PLMS +p - User Manual – English Secondary**.

We sincerely hope that you find them helpful and enjoyable.

Team PRAVINYA
